

Benefits of Ciett Membership

Serving the staffing industry since 1967, Ciett plays a pivotal role in advancing industry profile, quality standards and best practices. Our comprehensive range of added value services and professional support are focussed on enhancing the status and profile of our members and our industry.

A unique representation on the international level: Ciett is the only association representing the interests of private employment agencies across the world. It is recognised as such by international organisations (e.g. European Union, International Labour Organisation, OECD), trade unions, the academic world and national governments.

Political lobbying: Ciett's most important function is to help its members conduct their businesses in a legal and regulatory environment that is positive and supportive. Ciett carries out pro-active lobbying activities, both on the global level and on the European level. At the national level, Ciett is also ready to help its members act when they are faced with potential harmful legislation.

Information update: Ciett published every month a *Public Affairs Report* for its members, monitoring the latest developments in terms of international policy issues and providing members with tools to support them. A quarterly internal newsletter is also published to inform Members about the life of the confederation and to share best practices.

Best practices sharing: Ciett organises regular meetings and seminars with the purpose to share Members' best practices on topics relevant to the whole industry.

Facts and trends: Ciett gathers and publishes regular and updated reports and surveys on the private employment agency industry: Comparison of national legal frameworks, review of restrictions, statistics about the Agency Work market, strategic report on the future of the industry. All this information is free of charge for members.

Annual conference: Ciett annual conference represents a unique opportunity to exchange views with private employment agency representatives from all around the world and to discuss the main international employment trends.

Website/online promotion: The Ciett website is recording increasingly good traffic every year. Members can find all kind of information about the Ciett structure and activities. An intranet has also been made available to members, serving both as a library and a platform for exchanging practices.

A permanent Secretariat staff: Since 2005, Ciett has set up a permanent bureau, based in Brussels, Belgium, comprising three full time employees, in order to strengthen the professionalism and activities of the confederation.

Interested? Please contact Denis Pennel, Ciett Managing Director (denis.pennel@ciett.org) to know more about the requirements to become a Ciett Member.
